1.Uvod

1.1 Korišćeni programski jezici

Jezici koji su korišćeni za izradu sajta:

- HTML
- CSS
- JavaScript
- Objektni PHP
- JQuery
- Integracija PHP+AJAX+JSON
- MySQL

Biblioteke I dodatni kodovi:

- Korišćen je gotov template preuzet sa sajta www.colorlib.com
- google fontawsome
- bootstrap

1.2 Opis funkcionalnosti

- CarRent je sajt namenjen za iznajmljivanje vozila. Sajt koriste neautorizovani korisnici i autorizovani korisnici (korisnici i administratori).

- - Neautorizovani korisnici mogu da gledaju vozila i čitaju blog
- - Autorizovani korisnici mogu da gledaju vozila, da ih iznajmljuju i da na postovima ostavljaju komentare.
- - Administratori mogu da gledaju vozila i vide sve rezervacije vezane za vozila. Mogu da dodaju nove korisnike, mogu da menjaju/brišu postojeće. Mogu da dodaju postove i brišu već postojeće i mogu da pišu komentare.

- Na index stranici postoje dve forme za prijavljivanje i registrovanje korisnika. Za obe forme se vrši provera regularnim izrazima na klijentskoj i serverskoj strani. Takođe se na index stranici sav izabrani sadržaj ispisuje dinamički iz baze.

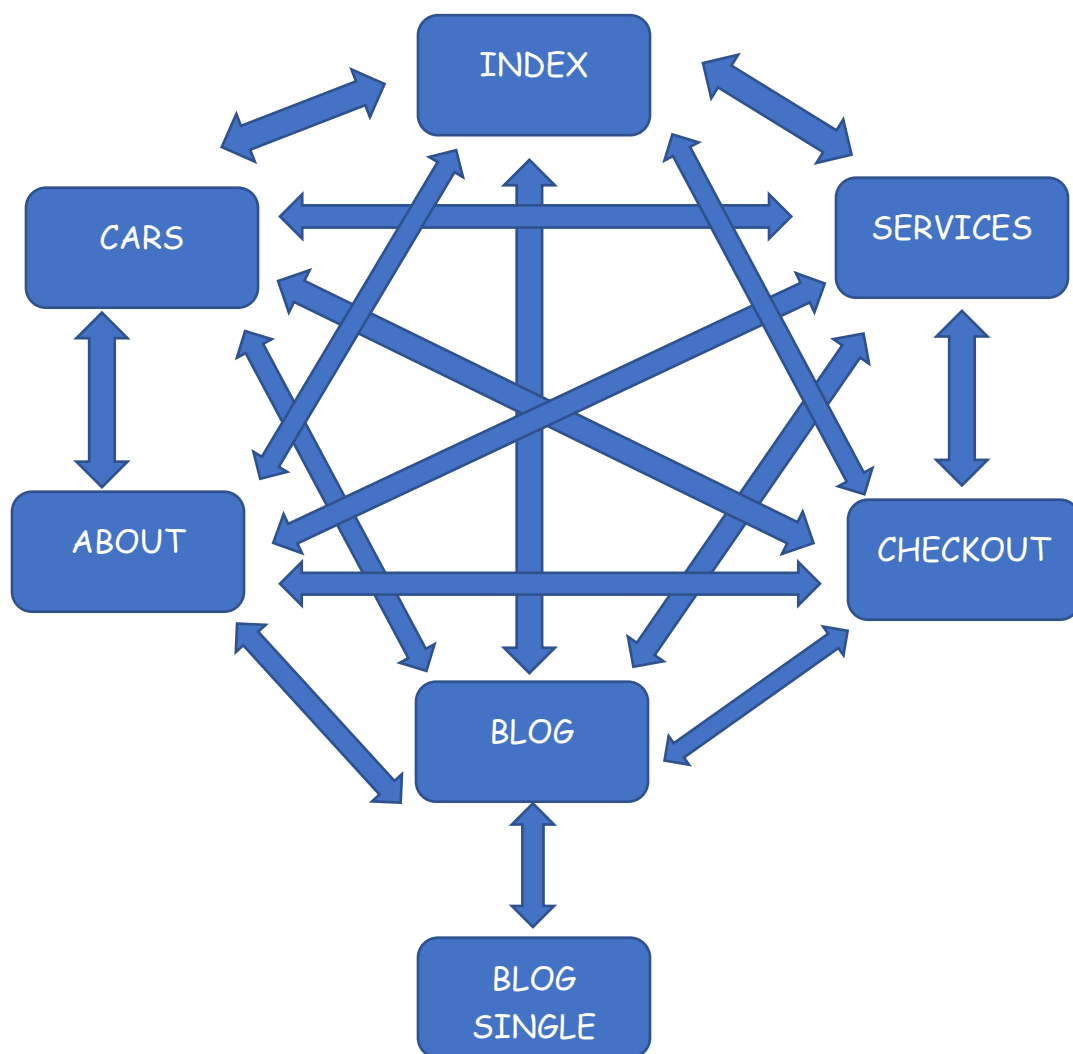

- U zaglavlju sajta je navigacioni meni koje se menja u zavisnosti od prijave korisnika i njegove uloge.

- Na stranici cars u centralnom delu se nalaze sve informacije o automobilima koja su u ponudi koji se ispisuju u vidu proizvoda. Svaki od div-ova za ispis proizvoda ima link Rent Now koji vodi ka stranici checkout i prosledjuje joj id izabranog automobila get metodom. Ispod toga je paginacija.

- Na stranici checkout korisnik unosi dodatne informacije o rezervaciji koje se nakon klika na dugme submit upisuju u bazu.
- Na blog stranici se u centralnom delu sajta sa desne strane nalazi search bar koji služi za pretragu postova po naslovu ili po tekstu.

Far far away, behind the word mountains, far from the countries Vokalia and Consonantia, there live the blind texts. Separated they live in Bookmarksgrove right at the coast of the Semantics, a large language ocean.

A small river named Duden flows by their place and supplies it with the necessary regellalia. It is a paradisematic country, in which roasted parts of sentences fly into your mouth.

Even the all-powerful Pointing has no control about the blind texts it is an almost unorthographic life One day however a small line of blind text by the name of Lorem Ipsum decided to leave for the far World of Grammar.

The Big Oxmox advised her not to do so, because there were thousands of bad Commas, wild Question Marks and devious Semikoli, but the Little Blind Text didn't listen. She packed her seven versalia, put her initial into the belt and made herself on the way.

When she reached the first hills of the Italic Mountains, she had a last view back on the skyline of her hometown Bookmarksgrove, the headline of Alphabet Village and the subline of her own road, the Line Lane. Pityful a rethoric question ran over her cheek, then she continued her way.
